History and truth seem to concertina in this tiny intimate world,  
You will be Educated - Entertained - Amazed!

Peep into the bizarre world of the Raree Man and enter a miniature Georgian theatre from where he will whisk you away with tales from other times and places, using puppetry, trapdoors, pyrotechnics and...*3d Digital mapping!*

The Raree Man has been everywhere, seen everything and is now travelling through time itself to present his stories, exotic scenarios and moral fables.

The Raree Show is a live performance with a mobile, self-contained peepshow, powered by Lithium batteries.

3 Peepshows currently available:

1. **'The Banker's Progress'** - a modern day morality tale inspired by Hogarth's *The Rake's Progress*
2. **'Jack in the Box'** - our version of Jack & the Beanstalk especially for younger audiences.
3. **'Lucky Dicky Crangle & the Cinnabar Moth'** - using magic lantern slide imagery.

The peepshow was one of the most popular forms of street entertainment in the 18th and 19th centuries. The form is now almost unknown, but here, re-imagined by master showman - Tony Lidington, it offers an experience that is at once intimate and eye opening, familiar and unexpected, old and new, funny and deadly serious.
