

**“WHAT  
A JOLLY  
LOT OF  
SILLY!”**

*The art of British popular entertainment*

**THE  
SUMMER  
SEASON  
HAS  
BEGUN**

**Hi there!**

The Summer Season is upon us and we are already booking dates and hope to bring our family fun and nonsense to you in 2024. Enjoy the [video links](#) and [website content](#). [Speak soon.](#)

## Flea Circus

Uncle Tacko is itching to show you his international troupe of personally trained fleas... gasp in amazement as mighty Hercu-Fleas pulls a golden chariot around the circus ring, gaze in wonder at Madam Flea-Flea's daring leaps on her flying trapeze and watch out for the smouldering sensuality of the Russian acrobat – Olga Ivanitch, plus many more tiny feats of astonishment. Available as a walkabout or static act!

## Uncle Tacko! & Captain Ginger

“Captain Ginger” is Uncle Tacko’s cheeky monkey, who has become a firm favourite with everyone for his saucy banter and endearing personality.

## Seagulls

Our saucy puppet seagulls (Sally & Cedric) are a walkabout duo who alert folk to keeping their chips covered and putting litter in bins...in between squirting people with water!

## The Tinglary

This barrel piano (tinglary) gives your event that family fairground feel and provides a great focus for a brief, mobile workshop on the history of recorded popular music.

## **Nephew Spike Bones' Punch & Judy**

**Spike Bones' Punch & Judy** is a traditional, yet alternative take on the slapstick fun of Punch & Judy.

In this 25-minute show, set inside a traditional puppet booth, everyone can laugh along with the many misdemeanours of Mr Punch and Ms Judy, along with their usual adversaries.

Nephew Spike Bones is a 20 year-old second generation showman and nonsense merchant, with a skillset that includes puppetry, clowning, music and general tomfoolery.

**Codswallop!** - all the fun of the seaside funfair with this game for all ages. Visit Sergeant Spike's jolly fishmonger's stall and see if you can manage to splat the fish, as it dashes out of the full-pipe slide before flying into the lobster pot below.

**Lighthouse Hoopla** – throw your hoola hoops over the lighthouse to win a prize, or prepare for the walk of shame...

**Olly the Octoshy** - throwing jellyfish beanbags to knock-down seaside items held in Olly's tentacles.

All 3 games have pretty prizes (everyone wins something just for having a go) and are suitable for all ages and operated by one professional showman/performer.

## **Seaside Games**

## The Dom-Tink

A 20 foot high, try-your-strength “Dom-Tink!” machine.

Can you whack his nobble and ring Uncle’s bell to win a coveted ‘King of Ding’ badge?

## The Imaginarium

An exciting, beautiful, waterproof attraction for an audience of 40. Prom-Prom erect the booth, bark up a crowd with 4 bizarre, yet engaging characters, who can perform up to 8 half hour shows per day. It comes complete with benched seating, cushions and bunting.

## Pirate Galleon

The pirate galleon (a mobility scooter) is crewed by 2 scurrilous twits: trailing laughs and bubbles in their wake, this bonkers pair are an interactive ride-about act for young and old alike.

The galleon is a full square-rigger, but the masts fold-up like a ship in a bottle! This means that it can easily pass along pavements and promenades, as well as through most ‘wheelchair access’ doors or under obstructions.
